Dear:

Describe findings of investigation that constitutes public health nuisance...which is now kept or maintained on...legal description of property...County of Mille Lacs, State of Minnesota, is a nuisance and is hereby ordered abated by the Health Department of said County.

You are hereby requested to remove and abate said nuisance and to place said premises in a clean and wholesome condition by *date*. At the expiration of this time, a follow-up inspection will be made. If you do not comply with this abatement request, an Abatement Order will be served which requires you to remove and abate said nuisance. If you do not comply, the said nuisance will be abated and the cost assessed against said property. Such amount will be determined by the statutes certified to the County Auditor and by him extended upon the tax roll of said county against said premises and will be collected by the County Treasurer and paid to Mille Lacs County as other taxes are collected and paid.

Sincerely,

Inspector
